

## Know before you go - and save with Smart Cost Calculator

**Now you can get a cost estimate before you go to the doctor, hospital, or pharmacy with EMI Health's free online Smart Cost Calculator.**

### **Smart Cost Calculator: three tools in one to help you save money**

- ◆ **Cost Lookup:** Compare costs and quality ratings among providers in your area for the specific healthcare services or prescriptions you need. Receive an estimate based on your location, plan design, and provider network. Of course, actual costs may vary, and estimates are not price guarantees.
- ◆ **Ways to Save Alerts:** Receive emails or texts alerting you to available savings on prescriptions or medical services you have recently received, with clear instructions on how to take advantage of those savings in the future.
- ◆ **Healthcare University:** Learn healthcare basics that can help you become a better-educated and more cost-efficient consumer through games, videos, and quizzes.

### **Create your account today and begin making better-informed healthcare decisions now:**

1. Go to [www.emihealth.com](http://www.emihealth.com).
2. Click on green login button, and select My EMI Health.
3. Click on "Register Now" under "Not Registered Yet."
4. Select "Member" as the type of account.
5. Enter the information requested to identify yourself, and click "Continue."
