# EMI Health Senior Products - Utah

# **Medigap Plans**

Medigap policies are standardized Medicare supplement insurance plans designed to help you pay some of the healthcare costs that Original Medicare doesn't cover, such as deductibles and coinsurance. When you purchase Medigap insurance, you don't replace or cancel your Medicare Parts A and B. You still have all of your Medicare rights and protections, plus a more complete healthcare package.

Since Medigap plans are standardized, the benefits are the same no matter which insurance company you choose. In other words, a Plan G from one company has the same medical coverage as a Plan G from any other company. The difference is the company itself - the quality of service and the price.

EMI Health provides affordable Medigap coverage and superior local service.

#### \*Notes

- A benefit period begins on the first day you receive service as an inpatient in a hospital and ends after you have been out of the hospital and have not received skilled care in any other facility for 60 days in a row.
- NOTICE: When your Medicare Part A hospital benefits are exhausted, the insurer stands in place of Medicare and will pay whatever amount Medicare would have paid for up to an additional 365 days as provided in the policy's "Core Benefits." During this time, the hospital is prohibited from billing you for the balance based on any difference between its billed charges and the amount Medicare would have paid.
- Once you have been billed \$233 of Medicare-approved amounts for covered services, your Part B deductible will have been met for the calendar year.

# 1. Determine eligibility

You may apply for an EMI Health Medigap plan if you are a resident of Utah, age 65 or older, and are enrolled in Medicare Parts A and B.

There are three types of application:

## **Open Enrollment**

If you are applying for coverage to start within the six-month period immediately following your enrollment in Medicare Part B and you are age 65 or older, this is your Open Enrollment period. During this period, you cannot be denied a Medigap policy or be charged more due to past or present health conditions.

## **Guaranteed Issue**

If you have lost, or are losing, other health insurance coverage you may apply for Guaranteed Issue. You will be required to provide proof that you have lost coverage within the last 63 days. If you qualify for Guaranteed Issue, you cannot be denied a Medigap policy or be charged more due to past or present health conditions.

## Other Enrollment

If you do not qualify for Open Enrollment or Guaranteed Issue, your application is subject to medical underwriting to determine whether it will be approved and, if so, at what rate.

# 3. Complete the application

Complete (complete answers are very important) and sign the application and send it to EMI Health or contact your licensed insurance agent. Please review your application carefully before you sign it. Be certain that all your information has been properly recorded.

<sup>\*</sup> Plans F and G also have a high-deductible option which require first paying a plan deductible of \$2490 before the plan begins to pay. Once the plan deductible is met, the plan pays 100% of covered services for the rest of the calendar year. High deductible plan G does not cover the Medicare Part B deductible. However, high deductible plans F and G count your payment of the Medicare Part B deductible toward meeting the plan deductible.

<sup>\*\*</sup> Plans K and L pay 100% of covered services for the rest of the calendar year once you meet the out-of-pocket yearly limit.

<sup>\*\*\*</sup> Plan N pays 100% of the Part B coinsurance, except for a copayment of up to \$20 for some office visits and up to a \$50 copayment for emergency room visits that do not result in an inpatient admission.

## Please Read the Following Statements Before Signing This Application

You do not need more than one Medicare supplement policy.

Legal Authorized Representative Signature

If you purchase this policy, you may want to evaluate your existing health coverage and decide if you need multiple coverages.

You may be eligible for benefits under Medicaid and may not need a Medicare supplement policy.

If, after purchasing this policy, you become eligible for Medicaid, the benefits and premiums under your Medicare supplement policy can be suspended, if requested, during your entitlement to benefits under Medicaid for 24 months. You must request this suspension within 90 days of becoming eligible for Medicaid. If you are no longer entitled to Medicaid, your suspended Medicare supplement policy or, if that is no longer available, a substantially equivalent policy will be reinstituted if requested within 90 days of losing Medicaid eligibility. If the Medicare supplement policy provided coverage for outpatient prescription drugs and you enrolled in Medicare Part D while your policy was suspended, the reinstituted policy will not have outpatient prescription drug coverage, but will otherwise be substantially equivalent to your coverage before the date of the suspension.

If you are eligible for, and have enrolled in a Medicare supplement policy by reason of disability and you later become covered by an employer or union-based group health plan, the benefits and premiums under your Medicare supplement policy can be suspended, if requested, while you are covered under the employer or union-based group health plan. If you suspend your Medicare health plan, your suspended Medicare supplement policy or, if that is no longer available, a substantially equivalent policy, will be reinstituted if requested within 90 days of losing your employer or union-based group health plan. If the Medicare supplement policy provided coverage for outpatient prescription drugs and you enrolled in Medicare Part D while your policy was suspended, the reinstituted policy will not have outpatient prescription drug coverage, but will otherwise be substantially equivalent to your coverage before the date of suspension.

| Counseling services may be available in your state to provide advice concerning your purchase of Medicare supplement insurance and concerning assistance through the state Medicaid program, including benefits as a Qualified Medicare Beneficiary (QMB) and a Specified Low-Income Medicar Beneficiary (SLMB).                     |   |                                  |               |  |  |

# NOTICE TO APPLICANT REGARDING REPLACEMENT OF MEDICARE SUPPLEMENT (Medigap) INSURANCE OR MEDICARE ADVANTAGE

According to your application (information you have furnished), you intend to terminate the existing Medicare Supplement or Medicare Advantage and replace it with a policy to be issued by EMI Health. Your new policy will provide thirty (30) days within which you may decide without cost whether you desire to keep the policy.

You should review this new coverage carefully. Compare it with all accident and sickness coverage you now have. If, after due consideration, you find that purchase of this Medicare Supplement (Medigap) coverage is a wise decision, you should terminate your present Medicare Supplement (Medigap) or Medicare Advantage. You should evaluate the need for other accident and sickness coverage you have that may duplicate this policy.

STATEMENT TO APPLICANT BY PRODUCER: I have reviewed your current medical or health insurance coverage. To the best of my knowledge, this Medicare Supplement (Medigap) policy will not duplicate your existing Medicare Supplement (Medigap) coverage or, if applicable, Medicare Advantage coverage because you intend to terminate your existing Medicare Supplement (Medigap) coverage or leave your Medicare Advantage plan. The replacement policy is being purchased for the following reason (check one): ☐ Additional benefits ☐ No change in benefits, but lower rates ☐ Fewer benefits and lower rates My plan has outpatient prescription drug coverage and I am enrolling in Part D ☐ Disenrollment from a Medicare Advantage plan. Please explain reason for disenrollment. Other (please specify) \_ Health conditions which you may presently have (pre-existing conditions) may not be immediately or fully covered under the new policy. This could result in denial or delay of a claim for benefits under the new policy, whereas a similar claim might have been payable under your present policy. State law provides that your replacement policy or certificate may not contain new preexisting conditions, waiting periods, elimination periods, or probationary periods. The insurer will waive any time periods applicable to preexisting conditions, waiting periods, elimination periods, or probationary periods in the new policy (or coverage) for similar benefits to the extent such time was spent (depleted) under the original policy. If you still wish to terminate your present policy and replace it with new coverage, be certain to truthfully and completely answer all questions on the application concerning your medical and health history. Failure to include all material medical information on an application may provide a basis for the company to deny any future claims and to refund your rates as though your policy had never been in force. After the application has been completed and before you sign it, review it carefully to be certain that all information has been properly recorded. Do not cancel your present policy until you have received your new policy and are sure you want to keep it. \*Producer's Signature Applicant's Signature EMI Health Producer Number Date

## Read your policy very carefully

This is only an outline describing your policy's most important features. The policy is your insurance contract. You must read the policy itself to understand all of the rights and duties of both you and EMI Health.

## Right to return policy

If you find that you are not satisfied with your policy, you may return it to EMI Health, <u>5101 South Commerce Drive</u>, <u>Murray</u>, <u>Utah 84107</u>. If you send the policy back within 30 days after you receive it, we will treat the policy as if it had never been issued and return all of your payments.

## **Policy replacement**

If you are replacing another health insurance policy, do <u>NOT</u> cancel it until you have actually received your new policy and are sure you want to keep it.

## **Premiums**

EMI Health can only raise your premium if we raise the premium for all policies like yours in Utah.

## **Notice**

This policy may not fully cover all of your medical costs. EMI Health is not connected with Medicare. This outline of coverage does not give all details of Medicare coverage. We recommend consulting the publication Medicare and You for more details.
